

DETAILED TRIP ITINERARY ADVENTURE CRUISE TO SUNDARBAN – LAND OF THE TIGER

The world's largest contiguous mangrove forest hosts an amazing faunal & floral diversity, including the probably largest remaining population of Royal Bengal tigers, the endangered estuarine crocodile, Ganges River dolphins as well as an astounding variety of birds. Join our Adventure Cruise and explore this intricate maze of tidal waterways, a natural treasure of Bangladesh.

Day 1: Board the boat and cruise through the forest
28 Feb 2017 (Start at 6:30am)

Early in the morning board the waiting boat at **Jaikhana Ghat, Khulna**. After completion of the boarding the boat will begin the cruise to the south. After few hours of cruising the boat will stop at a forest station to complete formalities and also pick up armed forest guards to stay onboard. After that the boat will resume the cruise and arrive at Kotka / Kochikahli forest station late in the afternoon and anchor for overnight stay. If time permits your guide will offer some activities in the forest. Overnight on board.

Day 2: Explore the amazing biodiversity of Sundarbans
01 Mar 2017

Shortly after sunrise we invite you to explore the narrow creeks aboard a wooden rowboat, allowing a close look at the unique mangrove fauna & flora. After a leisurely breakfast the guide will offer a variety of activities, including an easy trek to the pristine beach facing the Bay of Bengal or a hike through the mangroves. In the afternoon there will be more activities for you. Overnight on board.

Day 3: Return journey
02 Mar 2017 (Finished by 4:30pm)

Depending on the tide schedule, the boat will begin the return journey with the high tide and cruising the whole day arrive **Jaikhana Ghat, Khulna** in the evening. On the way you will enjoy the peaceful cruise through the creeks of the mangrove forest. After having dinner on board you will disembark the boat and avail your opted mode of returning back to your place of living.
